Key

factory TV	Whether the interface can work in combination with the factory TV-tuner. NO means that an existing factory tuner must be uninstalled prior to interface installation.
VIM incl.	Whether video-in-motion is included for the AV-sources that are connected to the interface. NO means that an extra video-in-motion interface is required if video-in-motion is desired.
PnP	Whether the interface installation is plug'n'play.
RVC-in	Whether the interface has an additional video-input for rear-view camera.
